

## CASTING TABLES & PUMPS

<b>STJ CAST TOP:</b>	Molded acrylic. Center drain. Hardwood dowel rods. Compact and inexpensive casting area. 20" W x 42" L	<b>\$275.00</b>
<b>STJ-L CAST TOP:</b>	STJ with leg set. Comfortable 32" height.	<b>\$380.00</b>
<b>CT425M:</b>	24"w x 48"l x 32"h. Casters included.	<b>\$1225.00</b>
<b>CT630:</b>	28"w x 67"l x 33"h. No casters.	<b>\$1430.00</b>
<b>CT630M:</b>	Same as CT 630 but with casters.	<b>\$1530.00</b>
<b>CT850:</b>	28"w x 94"l x 33"h. Casters not available	<b>\$1785.00</b>

The four CT series tables above are hand laminated with reinforcement under fiberglass. These tables all feature the XB400P pump and the Return-Flow outlet system. This system relieves pressure on the pump and increases agitation in the tank simultaneously. All feature 1" birch dowels and a 1" flow control nozzle. Heavy construction allows for the addition of the OPT mixer to remix or reclaim the slip.

**T-100:** **\$1915.00**  
 The most popular model we carry. 100 inch casting top with 3 section birch dowel rack. 40 gallon tank. Can be used as a slip mixer with the addition of OPT mixer option.

**T-60:** **\$1710.00**  
 As above but only 67" long for restricted casting space.

The three RD models combine the convenience of a casting table with a reversing pump to help drain those very large molds.

<b>RD30</b>	24"w x 48"l	<b>\$1760.00</b>
<b>RD630</b>	28"w x 68"l	<b>\$1835.00</b>
<b>RD630M</b>	same unit with casters included	<b>\$1935.00</b>

### PUMPING UNITS

**RM-30:** **\$1730.00**  
 A steel tank on casters with 30 gallon capacity. The reversing pump will fill and drain large molds. A great labor saver.
