- Rolling Stand Adapter\*\* \$29  
\*\*Only required with Rolling Stands

## KilnLink® Plans & Pricing

KilnLink® is a cloud based Kiln Monitoring and Management System that will work with all KM and KMT model kilns. It allows you to check the status of your kiln from anywhere by logging into your MySkutt.com webpage. KilnLink® connects your kiln to the internet and feeds information from each firing in real time to the KilnLink® Database. Authorized users, including Skutt technicians, can log-in to view current status, firing history and diagnostics.

With built-in WiFi, kilns with the New KilnMaster Touchscreen Controllers (KMT) do not require any additional hardware to run KilnLink®. For this reason it often makes sense to upgrade your old KM controller with a KMT Controller if you want to run KilnLink®.

If you are ordering a new KM kiln with KilnLink® you will need 1 LinkBoard per kiln and 1 KilnLink Box to run up to 4 kilns. All KilnLink® users will also need to purchase a Plan for each kiln.

### KilnLink® Premium Plan Pricing

- 1 Year \$100
- 5 Years \$325

### Required Hardware for KM Models

- KilnLink Box \$400
- LinkBoard \$ 95
- LinkBoard w/EasyView \$110
